

Want to become a pioneer in the rising field of Asian Studies?

7 Reasons to Choose Korea, and especially Myongji University, as your Destination for learning!

- **The place to learn about economic growth:** Asia has seen the earliest examples of urbanization in the world, and the six largest urban agglomerations in the world are all in Asia, including Seoul.
- **For students majoring in global politics:** Asia's economic and political stability are important factors to understand security cooperation and confidence-building in global politics!
- **Myongji is proud to offer its specialized academic track (Myongji Asia Leadership Program)** for those who want to become experts in Asian Studies and allows students to approach Asia from diverse perspectives!
- **More than what you can learn from the textbooks!**
 - 1) **Various Cultural Excursions:** Your experiences from Myongji will not leave you with regret at the end! Our cultural and educational activities will directly expose you to various traditional and contemporary Korean culture.
 - ◇ Past programs: Korean Pottery Making, Kimchi Making Volunteer, Cooking Contest, Korean Games (Sports) Day, Halloween Party, Wood Art, Making Korean rice cakes, Visiting Korean major company, Visiting Korean palaces & museums, Amusement park, Korean costume wearing & more.
 - 2) **Special Academic Lectures:** Also, in line with our firm belief in the importance of holistic approach for education, special lectures from renowned guest speakers have been arranged throughout the academic year to give students a broader perspective on their topics of academic interests. (i.e. CEO of IBM Korea, President of AMCHAM Korea, renowned scholars, foreign ambassadors stationed in Korea and many more.
- **Life-changing experience by participating in "The Global Friendship Program":** Cultures and traditions are often best learned through interactions with local friends, and this program allows students from outside of Asia to develop an understanding of cultural diversity and a broader perspective on Asian culture as they work on joint academic projects with Korean students.
- **International Summer Programs:** 'English Instructor Internship Program' allows students to gain real teaching experience and an official internship certificate issued by the President of Myongji University. 'Intensive Korean Language & Culture Program' provides opportunity for international students to befriend local Korean students and experience contemporary and traditional culture by engaging in various cultural excursions and hands-on activities.
- **Caring & nurturing environment!** Myongji University's International Student Outreach Club students provide all care needed to help international students get settled into Myongji University and Seoul life. International students can easily seek help at the International Counseling Office where the International Student Outreach Club students and staff of the Office of International Affairs provide adequate aid.

Exchange Program at Myongji University

1) Program Overview

An international exchange student is a student who studies at Myongji University (MJU) for one semester or one academic year after being nominated by his/her home university in accordance with the terms and conditions specified in the valid partnership agreement (MOU) signed with MJU.

During their study at MJU, international exchange students are:

- Exempted from paying tuition to MJU after paying the tuition fee to their home universities.
- Provided with a comprehensive orientation & closing ceremonies which includes academic details and life in MJU.
- Permitted to taking regular classes conducted in Korean or English to obtain credits.
- Able to participate in special cultural events including Korean cultural field trips with minimum charge.
- Supported by MJU's International Outreach Student Club (OULAMI) and mentors in their departments to easily adapt to MJU life and culture and make Korean and international friends.
- After the study at MJU, official academic transcripts will be sent to the home universities for credit transfer.
- Participate in special summer program with tuition discount.
- Take intensive Korean language courses at the Korean Language Institute (KLI) with 50% tuition waiver.

*You can check the full list of courses provided in English as the separate Course List.

2) Customized Undergraduate Programs

Objective	Educate future leaders with expertise in diverse disciplines with customized curriculums
Target	international degree-seeking students, short-term exchange students, non-matriculating international students
Language	English
Available Disciplines	- College of Engineering (Electrical Engineering, Chemical Engineering, Industrial & Management Engineering, Computer Engineering, Mechanical Engineering, Electronics Engineering) - College of Arts and Physical Education (Visual Communication Design, Media Communication Design) - College of Architecture (*especially, architecture design studio, architectural representation)

Guideline for Requesting New Course(s):

- 1) First, check the list of courses offered in English for the period of your enrollment.
 - * You can check the full list of courses provided in English as the separate Course List.
- 2) If the courses you wish to take are not available, please fill out the "request for new courses" form and submit the form to the Office of International Affairs (OIA) in your home institution.
 - * Contact the Office of International Affairs (tenny@mju.ac.kr) for the official form and further details.
 - * You can apply for new courses when there are over 7-8 students for the exchange program from the same home institution wanting the same courses.

※ Please note:

- When the proposed course **is available in the student's home institution** but is not offered at Myongji University at the time of your enrollment, the international office of the student's home institution **must**, along with the form as attached, submit the syllabi or course description of the course at your home institution (so that Myongji can closely match the course content as much as possible). If the proposed course **is not available at the student's home institution**, one **must** submit evidence (i.e. academic transcripts which show the list of courses previously taken) that you have taken at least 1 course at your home institution related to the proposed course before coming to Korea.
- Each form must be accompanied by an **official letter of approval** from the international office of the student's home institution, and each form must be submitted to the OIA of Myongji University by email (tenny@mju.ac.kr) or in original, sealed envelope by an express postal service.
- A request sent directly to the OIA of Myongji University by an individual student cannot be processed.
- We require a minimum of 7 students for each class.
- Each proposal for a new course will be reviewed by the relevant faculty members of Myongji University, taking into consideration the availability of faculties and the academic relevance of the propose curriculum with what Myongji's acclaimed faculty pursue in discipline of their profession.

3) Korean Language Courses

Different levels of Korean language courses are provided at the undergraduate level.

4) Global Friendship Program

A mix of Korean and international students grouped together will work on projects which require effective teamwork and creative ideas, taking into consideration social and cultural demand of the 21st century.

5) Volunteer opportunities

In domestic/global NGOs in Korea and many educational or cultural centers in local district

6) English-teaching or practical internship opportunities

Educational institutes in local district, international organizations, NGOs accredited by the UN (not guaranteed)

7) Special lectures

By highly experienced professionals and renowned guest speakers from various fields.
