Business Innovation Summer Programme (BISP)
 Cologne Business School (CBS) and University of Vic - Central University of Catalonia (UVIC-UCC) have established a unique European Summer Programme that focuses on innovative business design and management, first in Cologne and Barcelona - two of the cities with strong economic power in Europe.

Students will be provided an extensive insight into innovative business design and design thinking, as well as economic and cross cultural management in Europe. This knowledge will be enforced through group projects on exciting case studies and different company visits.

Throughout this three-week programme, participants will stay in two of the most exciting cities in Europe, both of which stand out with their multicultural flair and an open and young lifestyle.

Apply now **Summer course**

More information The summer course runs from 24 June – 15 July 2017.

European cultures and business

By participating in the course, you will become acquainted with Dutch and other European cultures. You will also learn about European business policies and practices and develop the personal competences needed to do business in Europe. The course includes several company visits and voluntary trips to cities in the Netherlands. During the course you will be coached intensively on personal development. A group assignment called the Quest is part of the final assessment.
