Why Attend Summer Session?

We offer a rich academic program and co-curricular activities that allow you to succeed in your studies while experiencing American culture and university life first-hand.

Academic English: 2-unit Courses with Limited English Proficiency Requirements

Join over 12,000 students studying at UCI during the summer! Our diverse student body creates an active college culture while the variety of student support services and social events allow you to experience an intimacy with other students, faculty, and staff that is more commonly associated with a small college environment.

Summer Session offers more than 800 courses across 70 subject areas. You can enroll in two courses or take a smaller academic load by combining one course within your major and one Academic English course. We offer Academic English courses for credit in the subject areas of writing, reading, presentation, and communication.
