welcome

We are glad you joined us! Here, in Kaunas University of Technology you'll find a friendly community, devoted professors, modern study equipment and plenty of new friends. We are looking forward to meet you – to hear your stories, to learn about your culture and to know more about your experience. We sincerely hope that you will enjoy your time in Lithuania and will have fond memories about your studies at KTU!

Studying abroad is both educational and personal experience for the ones seeking new challenges. Kaunas University of Technology (KTU) offers study programmes in architecture, business and administration, computer sciences, engineering, humanities, physical, social sciences and technologies that will help you to build your career.

Studying overseas you will learn more than the subject of your studies. You'll gain experience, build friendships, learn about cultural differences, have a chance to travel. Everyday life is full of little practical things to take care of. We have collected here some of them to inform you before your arrival to Lithuania and to facilitate your first weeks or months here.

**Feel free to contact KTU
Department of International
Relations (DIR)
(international@ktu.lt)
if you have any questions.
Enjoy your stay!**

The official language in the country is Lithuanian and all the signs, notes, names, official documents, TV, etc. are in Lithuanian; however, the information essential for international travellers can be delivered in English, Russian or other languages as well. For easier orientation some words in this and other brochures are also given in Lithuanian – you'll find them in brackets.

National currency of Lithuania is Euro (from 1/1/2015), and former national currency Litas is not valid anymore.

Lithuania uses the 24 hour clock. All the times listed are in this format. The time zone in Lithuania is GMT+2 hours.

“First things first” explains what you can expect in Lithuania, helps you to pack your luggage and gives important information that you should know before leaving. Some information may be specific either for degree students or for exchange students, therefore you must pay attention to the specific chapters and references named Degree Students or Exchange Students.

pack your suitcase

Be careful and keep your passport or ID card and original education documents next to you – do not leave them in your check-in luggage!

Organise your arrival

Come to Kaunas before the beginning of your studies (do not miss the Welcome Week). A few weeks before you leave you should inform the DIR coordinator (international@ktu.lt) about your arrival date. It's better to avoid arriving on weekends – the university is closed then.

Get accomodation

A foreign student may choose where he/she wants to live during the study period. KTU provides a room in a dormitory or a student may choose renting a flat (Note: the University is not responsible for finding a flat). If you applied for accommodation at a dormitory while submitting the application, you will get more details about rooms available by e-mail few weeks before your arrival. Get general view on [▶ dormitory.ktu.lt](http://dormitory.ktu.lt)

Get health insurance

Make sure that you get health insurance or have European Health Insurance Card for your stay in Lithuania. All the records must be translated into English. If you have special medical prescriptions, do not forget to take them with you.

Do not forget all the necessary addresses, maps and phone numbers of contact persons of the DIR or mentors.

Bring education documents

Check if the DIR has everything what is necessary for your file at KTU, and if you need to bring something more. It is advised to have your KTU Acceptance Letter with you.

Take your passport or ID card

Do not forget your passport or ID card, take your international student card (ISIC, for example), your driving licence and other documents that are necessary abroad (translated into English). It is advisable to have some copies or scanned versions of your main documents on your first days in Lithuania - you might need them for membership cards, residence permits, etc. Few coloured with white background passport type photos will be useful too.

If you travel by air

- ▶ Please note to strictly follow the airlines policy for baggage restrictions considering both weight issues and banned items on flight.
- ▶ Please note to also carry sufficient currency in either € or \$ while facing long stopovers at airports, for food and drink.

Be ready for climate change

Climate change is an important factor to be considered (particularly if you are coming in January), especially for those coming from southern countries. Although it is exciting to have extremely cold winters which fall below -15C° but without the right equipment, it will be an ordeal. We suggest the students to keep aboard just the essential warm clothing, as you can buy the remaining warm clothes and shoes here in Lithuania.

Take some cash

You should have enough money (€ 200-300 in cash) for your first few days to pay the accommodation deposits, to get student identity card and public transport ticket, to buy extra things you did not bring from home and to make your life comfortable here. It is recommended to have money in Euros (the currency of Lithuania) or U.S. dollars (the easiest to exchange). International bank cards are accepted and you can withdraw money at numerous ATMs too. After arrival every student is advised to open a bank account in Lithuanian bank for the period of his/her studies at KTU.

how to reach kaunas?

Maps are available on

- ▶ www.maps.lt
 - ▶ www.maps.google.com
-

There are five main means to reach Kaunas: by airplane, by bus, by train, by ferry and by car. Some options may lead you to Vilnius which sometimes is more convenient for the arrival by plane. Don't worry, Vilnius is just 100 km away from Kaunas, just follow the directions below.

If you use public transport, your destination in Kaunas is Kaunas Bus Station (Kauno autobusų stotis) or Kaunas Train Station (Kauno geležinkelio stotis). They are situated next to each other and close to the city centre. Read How to Reach Dormitory for directions from both of the Stations.

We recommend informing the International Studies Office coordinator and your mentor about your arrival so they can give you the most updated information. International Studies Office will select a Mentor and he/she may meet you up to save you most of the worries on the first days in Kaunas.

BY PLANE

Lithuania has three international airports in Vilnius, Kaunas and Palanga (close to Klaipėda, the seaport), which can be reached from the main European cities as well as from all over the world. Cheap flight company Ryanair (to Kaunas and Vilnius), Wizzair and airBaltic (to Vilnius) can offer you a flight to Lithuania at a "student's pocket" price. Some of you may choose arriving to Riga, Latvia, and then taking the bus to Kaunas. There are number of possibilities at every airport to use ATM machines, to exchange money, rent a car and use a press kiosk where you can buy phone cards, bus tickets, snacks and drinks.

Kaunas International Airport

www.kaunas-airport.lt

Kaunas Airport is situated in Karmėlava, only 14 km away from Kaunas. There are direct flights to Kaunas from London, Birmingham, Dublin, Frankfurt, etc. and many possibilities to transfer flying from other countries. You can reach Kaunas Bus or Train Stations easily:

► **BY BUS.** The bus stop is a bit further on the left as you exit the arrivals hall. A city bus line No. 29 serves the airport going on the route Kaunas Airport (Karmėlava) → Savanorių Ave. → Bus station → Train station from approx. 5:00 till 23:00. You may buy your ticket from the driver for 1.00 EUR or buy an e-ticket card at the press kiosk for 1.74 EUR (we recommend to buy a single ticket for now, and then mentor will explain you about e-tickets later). After ~45 min. get off at the Railway station (Geležinkelio stotis). If you arrive to Kaunas on a late night flight, city bus No. 29E is for your convenience. The last bus leaves the airport for the city centre only after the last flight has arrived. You can check the bus route and exact timetables on ► www.kvt.lt

► **BY EXPRESS SHUTTLE BUS.** Shuttle BUS LT Kaunas offers passengers a bus going from Kaunas airport to the chosen Kaunas city hotel or bus station and back. The schedule is coordinated with the flight timetable. The bus can carry up to 20 passengers. The travel price is 4 EUR. Tickets can be bought from a driver (he accepts only cash in Euros) or by contacting the reservation centre on www.goshuttlebus.lt

► **BY TAXI.** You will find taxi at the arrivals hall exit. It may cost you about 20 EUR to reach your dormitory.

International Vilnius Airport

www.vilnius-airport.lt

International Vilnius Airport is the main international airport in Lithuania with permanent luggage storage, currency exchange at the arrival hall, cafés and 2 airport hotels nearby.

You can go to Kaunas by regular bus or by train;

▶ **FROM VILNIUS AIRPORT TO KAUNAS.** Ollex buses may take you straight to Kaunas (STATOIL gas station (Address: Savanorių pr. 404b) for 10 EUR. Then you need to take taxi to the dormitory or other place (5-8 EUR).

▶ www.airport-express.lt

Therefore you need to reach Vilnius Bus Station or Vilnius Train Station which are situated next to each other:

▶ **BY BUS.** The bus stop is just to the left as you exit the arrivals hall. You may buy your ticket from the driver for 1 EUR (0.5 EUR with the student card) Bus No. 1 goes from the airport to the Bus and Train Stations (15 min.) approx. from 5:30 till 22:00. Timetables on ▶ www.vilniustransport.lt

▶ **BY TRAIN.** The train stop is 150 metres straight as you exit the arrivals hall (keep on the left side of the road; there is an elevator down to the station). The train goes from the airport to the Train Station (7 min.) from 5:57 to 21:52. The one-way fare is 0.72 EUR (purchased on the train). Timetables on ▶ www.litrail.lt

Riga International Airport (Latvia)

www.riga-airport.com

Although Riga Airport is in another country (Latvia), it is only ~260 km from Kaunas. Thus, sometimes it is faster to fly to Riga and to reach Kaunas by bus, than to wait for a transfer flight. First of all, you need to go to Riga Bus Station, which is close to the airport. Bus No. 22 or Airport Express minibus will take you there for a reasonable price. Check airport website for detailed information. Latvia's national currency is EURO.

▶ **FROM RIGA TO KAUNAS – BY BUS.** There are bus connections from Riga to Kaunas a couple of times a day. One way ticket is around 18 EUR. The bus will take you to Kaunas Bus Station in approx. 5 hours.

▶ **TIMETABLES.** Check for the bus timetables, costs, etc. ▶ www.autoosta.lv.

Latvia and Lithuania are the members of the Schengen Area so you do not need any extra visas. But if you come to KTU with a student visa, you'd better refer to the DIR for the updates.

BY BUS

If you live in one of neighbouring countries, we advise you to take a bus: it is quite popular and convenient. You may choose between popular international lines, such as Eurolines, Ecolines, etc.

Tickets can be purchased at the ticket offices in railway stations, which are open 24 hours. Tickets are not sold if there are less than 5 minutes left before the train departure.

Lithuania is situated in a geographical centre of Europe, at the crossroad between Western and Eastern Europe. It is one of least polluted (No. 6) and the safest (No. 24) countries of the world.

Being the 10th least expensive European country to live, it is among the top 30 countries in the International Quality of Life Index for Country 2014.

Lithuanians are among the top five EU countries boasting the greatest number of people proficient in at least one foreign language (as many as 92 percent of Lithuanians speak English, Russian or German).

Lithuania ranks 1st in Europe in the expansion of fibre optic and mobile broadband and has one of the fastest broadband connections in the world.

The capital of Lithuania is Vilnius. Kaunas is the second largest city of Lithuania, with a population of over 300 thousand.

Kaunas is the second city where I lived the most after my hometown so it's like my second home. I have had some wonderful experiences living in dormitory and made some amazing friends. I learnt a lot about myself being independent and living away from family. For me, Lithuania is a good country to study as living expenses are not as high as Western Europe and you receive world-wide recognised diploma. I would love to visit Lithuania again whenever I get a chance and meet my friends.

Vinay Kumar from India

Situated in the very middle of Lithuania our city benefits from being just an hour's drive from the capital Vilnius and a couple of hours away from the sea. There are three cross-European highways going past Kaunas, and from the very city centre one can get a train or a bus to any part of Lithuania or set out for an international journey. For those who prefer travelling by plane, Kaunas International Airport is just a half an hour away. Kaunas' cultural life is loaded with cultural events, such as international film, jazz and dance festivals; our galleries offer a variety of local and international exhibitions. Although Kaunas is an important industrial centre, it benefits from large recreational areas. A relaxing ride on one of many bicycle paths or a walk in a forest park or along the river is a good finishing touch for a day.

after you arrive

After you arrive to Kaunas and settle in the dormitory or the place you have found by yourself, we advise you to arrange a couple of things that are essential for your further studies at KTU:

Do not miss the Welcome Week, where all information is designed for you, the International Student.

Join the first meetings of students – you will not feel alone anymore!

Remember that every time you have questions, you may ask your Mentor, International Coordinator at your faculty or the coordinator at the Department of International Relations.

During Welcome Week you will:

- ▶ Meet Vice-Dean for Studies and International Coordinator of your Faculty who are responsible for international students, study formalities, etc. They will introduce you your Faculty, tell you about studies, lectures, timetables and about student life at your Faculty.
- ▶ Make your Study Plan – it is a must for every student when starting studies at KTU.
- ▶ Order Lithuanian Student Identity Card or ISIC that gives you an access to libraries and offers plenty of discounts outside the university.
- ▶ Have guided tour through KTU students Campus & Facilities.
- ▶ Get information about academic and language studies opportunities, student life at KTU.
- ▶ Discover Kaunas, get the first touch to Lithuanian culture, learn a Lithuanian dance or song.
