

INTERNATIONAL EXCHANGE AT

Study Hard... Play Harder!

It is not all about work and studying. You will have the chance to participate in excursions, business talks, sports competitions, company visits, and various other activities that will enhance your personal life and pave the road towards your career path.

Semester Dates

S P Jain has two semesters per academic year:

Fall semester: early September – mid-December

Spring semester: early January – mid-April

As an Exchange student, you may join S P Jain in either semester. You may also stay for a full academic year from September to April. If you join in September, you may join the Orientation Week, held one week before the semester starts.

From the Director's Desk

Dear Exchange Candidate:

If you are thinking about going out on Exchange, there are many countries, many cities, and many universities to choose from. To be honest, it does not really matter where you go. What is important is that you keep an open mind to have new experiences that may be very different from what you are used to.

Here at S P Jain School of Global Management, it is likely that you will be sitting in a room with classmates from Vietnam, Argentina, St. Vincent and the Grenadines, Bhutan, Germany, the Philippines, the USA, Fiji, and many other countries. If you are impassioned to make new friends from these varied cultures, if you are intrigued about unfamiliar traditions, or if you are curious about exotic places, then I invite you to study with us for a semester or two.

I hope to see you someday!

With warm regards,
Carol R. Cabal, PhD

Why S P Jain?

S P Jain is the **only** business school in the world with campuses in three thriving cities - Singapore, Dubai and Sydney.

Singapore is a modern city-state and a cultural melting pot in Southeast Asia. You can expect a variety of attractions and tasty delights from the eclectic mix of Malay, Chinese, Arab, Indian and English cultures.

Dubai International City is a themed zone with residential and commercial buildings, and tourist attractions. It has ten country-specific districts, the largest Chinese goods platform outside China, and even a replica of The Forbidden City.

Sydney Olympic Park is a world-class complex used for a myriad of sporting, cultural and leisure activities. Other than the diverse events held there, the Park offers a wide range of cafes, bars and restaurants.

What's Next?

If these sound interesting to you, please contact your university's International Exchange Coordinator.

Hope to see you soon!

I had an awesome time at S P Jain! The best part was the good friends I met from Spain, Mauritius and Dubai.
