

INTERNATIONAL STUDENT HANDBOOK

BORDEAUX CAMPUS

*D*ear international students,

The aim of this guide is to help you get a successful arrival to Bordeaux as well as a successful start at KEDGE Business School.

Please take the time to read it carefully and completely before leaving your home country. On behalf of the KEDGE Business School community, we would like to thank you for choosing to spend your study abroad experience with us. We will do our utmost to ensure that you make the most of your stay with us.

Just a few words of advice to you – embrace this opportunity that lies ahead of you, as you will grow in many ways as a result of this experience. Some of you will return to their countries with a new language to boast about, while others will have a clearer idea of what the future holds for them, either personally or professionally, or perhaps even both. You will have a new network of lifelong friends, having spent a very special part of your lives together. You will be more marketable in your careers, whether you choose to work in your home country or abroad – as some of you will choose to do. You will have more self-confidence, and have a better understanding of who you are and what makes you “tick”. Most importantly, you will see the world differently as a result of having lived and studied abroad. Stereotypes that you previously held will probably seem a bit “fuzzy” if not downright false, and political boundaries and nationalities will undoubtedly seem less important than concepts like “culture” and “tolerance”. And if you learn anything about management from your experience at KEDGE Business School, it is our hope that as future managers, you will learn to embrace diversity and appreciate the complexity of the world we live in.

Once again, Welcome to KEDGE Business School!

I. THE CITY OF BORDEAUX

As early as the 3rd century AD, Bordeaux – called "Little Rome" at the time – was a prosperous Gallo-Roman city.

The Middle Ages were a time of major economic development thanks to the wine trade. Bordeaux is also on the pilgrim road to Santiago de Compostela and some of the historic part of the city has been listed as World Heritage Site by UNESCO in 2007.

In the 18th century, talented urban developers and architects transformed the city under the impulsion of royal intendants.

At the present time, the mayor of Bordeaux has initiated a number of ambitious public works projects worthy of a major European city. The redevelopment of the quays is the most striking example.

Cruise ships often come to weigh anchor along the Bordeaux waterfront, one of the most beautiful in Europe. The quays are bordered by the Place des Quinconces, the largest square in Europe. From Saint Pierre to Sainte Croix the Squares of Old Bordeaux are to be found throughout one of the largest examples of 18th and 19th century architecture.

Moreover, Bordeaux is located one hour away from the beach. La **Dune du Pyla**, located at the entrance of the Bay of Arcachon, opposite the Pointe du Cap Ferret, is the highest sand dune of Europe. Measuring 105 meters high, 2700 meters long, 500 meters wide and with a volume of 20 million cubic meters of sand, the "Big Dune" is the most visited spot of the coastal area, with over 1 million visitors per year. It has been declared an "important national site" in 1978.

II. ABOUT KEDGE Business School

KEDGE Business School is committed to creating new modes of teaching and personal development, connecting and strengthening its global community network and promoting responsible management practices. This approach is encapsulated by our brand signature:

CREATE, SHARE, CARE.

CREATE: Changing the way we educate and conduct research to develop creative and innovative peoples' talent

The reference here is to educational innovations that break with traditional learning structures by using devices such as temporary campuses or digital learning; by encouraging research (based on a twofold increase in budgets); and by nurturing entrepreneurship.

SHARE: Interconnecting all our audiences in a learning experience carried out on a planetary basis and rooted in principles of solidarity, while changing our organisations and the territories where we operate

The goal here is to nurture all talents regardless of people's origins, via existing programmes and ones run in emerging regions such as Asia, while linking them to the KEDGE Business School community.

CARE: Having a long-term, planetary vision is a distinct advantage for top-performing decision-makers today. As is their ability to advance the cause of social responsibility.

This mission is marked by its significant CSR positioning, encapsulated in a Care & Personal Development Centre that will make personal development a distinctive advantage for KEDGE Business School, alongside students' social commitment (validated CSR skills base, overseas internships in the charity sector).

VISA INFORMATION

We advise all students who need a Visa to make an early contact with Campus France or the French consulate in the home country (see instructions here below). Check the list of documents to be submitted and note whether these documents need to be translated or certified. Submit only one file and make sure it is complete in every way.

Please consult the following website regarding immigration rules:

www.campusfrance.org/en.

Extended-stay visa (more than 90 days)

Students coming from the following countries for a stay of at least 3 months in France must apply for a French student visa through an online application via Campus France: Algeria, Argentina, Benin, Brazil, Burkina Faso, Cameroon, Chile, China, Colombia, Comores, Congo Brazzaville, Côte d'Ivoire, Egypt, Gabon, Guinea, India, Indonesia, Iran, Japan, Lebanon, Madagascar, Mali, Mauritania, Mauritius, Mexico, Morocco, Peru, Russia, Senegal, South Korea, Taiwan, Tunisia, Turkey, USA, Vietnam.

Students have to create an account on Campus France website and will receive an access code to keep carefully for their visa process and follow up. Neither Campus France nor any other organisation, individual or entity will have any role in the visa-granting process which is the sole responsibility of the French consular service.

Students coming from other non-European countries, have to contact their closest French consulate or Embassy in order to determine whether they need to apply for a visa and what type of visa they are required to apply for, for their studies in France.

Documents usually required when applying for a visa:

- Proof of enrolment at KEDGE Business School (sent after completing your Incoming Student KEDGE BS Application form)

Short-stay visas (less than 90 days)

When the student arrives in France, there is no need to apply for a residence permit with a short-stay visa.

Also, note that the temporary visa cannot be renewed and cannot be transformed into a long stay visa while in France.

UPON ARRIVAL

OFII Registration process

International students holding an "**Extended-stay student visa**" (visa Long Séjour" VLS/TS), with the following statement on their visa: "**CESEDA R311-3 6^o**" must register with the OFII Immigration Office (Office Français de l'Immigration et de l'Intégration). Upon arrival, students must submit within the 2 months of arrival the following documents to the OFII:

- OFII form that you received from the French Consulate completed
- Copy of passport, visa and stamp of entry in the Schengen area

Approximately 4 weeks later, the OFII will send two letters to the students (in French):

At the end of this appointment, students will receive on their passports a stamp equivalent to a residence permit. For double-degree students, or students staying for 15 months, the renewal of the residence permit must be asked the latest 2 months prior its expiry date.

KEDGE Business School welcomes many international students each semester, and is happy to help them getting accommodation.

Housing in Bordeaux is difficult to find, so we strongly recommend students to book accommodation before arrival.

We try to offer you as many options as we can. For that, we are supplied by a student association “Melting Potes” that helps students to find suitable accommodation on the private market (details further below).

A couple of months before your arrival, we will send you a link to register on the **HOUSING APPLICATION - KEDGE BS Bordeaux Campus.**

Filling in this form won't guarantee you to have an accommodation but we will try to help you out in this process.

Here below is some information about housing in Bordeaux.

On-Campus Housing

When we talk about “on-campus housing” in KEDGE BS in Bordeaux, we refer to **the residence DOMOFRANCE** which is the only residence on the campus but doesn’t belong to the school; **the school doesn’t have its own dormitory**.

Despite the fact that we have a strong partnership with DOMOFRANCE, **spaces in this residence are limited especially for the Fall semester and not so many incoming students will be living on-campus. Rooms in the on-campus residence need to be reserved directly through the housing department itself, as per the link we will send you.**

On campus Residence: DOMOFRANCE/ Résidence Le Campus

To have a better idea of what Domofrance is and looks alike, you can go to their website www.domofrance.fr and click on “Logements Etudiants”, then “Nos résidences” and go on the one named “Le Campus”.

This residence adjacent to our school (1 minute walk) provides furnished individual and double

flats.

It offers facilities such as launderette, caretaker and tennis court.

It is run by a social organism (Domofrance) and dedicates a few flats for KEDGE BS international students.

For a one-person flat (“studio” or “T1”), the rent is between 415€ and 520€ per month (all charges included except electricity).

For a two-person flat (“T2”: 1 bedroom with 2 single beds), the rent is between 490€ and 570€ per month (all charges included except electricity) to be divided by 2.

The price of a studio and T2 will depend on the surface area.

Please note that if, for example, you want to book a studio, you won’t be able to choose a specific one as it will depend on the availabilities at the time you request it.

If you decide to request a flat in the on campus residence be prepared to be very reactive and to send all the documents they will ask you as few places are reserved for international students.

Booking process:

If a flat is available, the housing advisor will send you a mail with the procedure to follow and the list of documents you will have to provide. Please note that Domofrance will be very strict with this process so in order to make sure to

finalize your booking, you will have to stick with the rules and send all the documents on time.

Once the room reservation is confirmed, you will receive your attribution and will have to take an appointment for your check in with the residence during their opening hours (Monday to Friday: 2 p.m. to 5 p.m.).

Please note that the day of your check in you will have to provide various documents to the residence. Without those documents the residence won't be able to give you the keys. Among others, they will ask for your French bank account details. Make sure to arrange that before your check in (the association Melting potes can help you with opening a French bank account) and keep in mind that banks are closed on Mondays!

Off-Campus Housing

Student Residence Halls (CROUS)/ for the whole year only:

Even if they are not considered as on-campus residences, there are many residence halls near the school. **Rooms in the residence halls need to be reserved directly through the housing department itself, as per the link we will send you.** Please note that the fact you request a room in a residence hall doesn't mean that you will get one. **Spaces in residence halls are very limited.**

Our rooms at the CROUS residences are dedicated to students who stay the whole year (2 semesters: fall and spring).

Most of them are located in Talence and well served by public transportation. They provide furnished rooms or shared flats at the cheapest rate (between 250€ and 400€/month all included).

Note that for some of the rooms you will have to share the kitchen, bathroom and toilets with other persons and that for this type of accommodation, you will have no choice regarding the place / residence. You can visit their website to see where the residences are www.crous-bordeaux.fr going to "Logement" and "Nos résidences".

We will of course do our best to fulfill your request.

Booking process:

The housing advisor will make you a proposal with a brief description of the accommodation specifying the delay of reply you must respect.

If you confirm, you WILL NOT be able to change your accommodation before and during your stay.

Like for Domofrance, once the room reservation is confirmed, you will have to take an appointment for your check in with the residence during their opening hours (be careful they are closed during the weekends).

Please note that the day of your check in you will have to provide various documents to the residence. Without those documents the residence won't be able to give you the keys. Among others, they will ask for your French bank account details. Make sure to arrange that before your check in (the association Melting potes can help you with that) and keep in mind that banks are closed on Mondays!

High standard residences:

Private residences are managed by private societies and provide fully furnished and equipped flat with many facilities.

They are located mostly in Talence but a few of them are also in Bordeaux.

The price generally depends on the length of your stay between 500€ and 750€/month for a single flat which we call "studio" or "T1" and between 600 and 1 200€/month for a double flat which we call "T2" (one bedroom with 2 single beds or one bedroom and a sleeping in the living room; there are no 2 bedrooms).

They usually ask you, in order to book your flat, to pay the first three months of rent + the deposit (which usually corresponds to 1 month rent) before your arrival. Indeed, as you don't have a French guarantor, this is a way to assure the residence that the rent will be paid.

KEDGE BS has special rates and conditions with some of these residences, that is why it is recommended to book through our housing advisor.

We advise you to book in advance, especially for short stays, as they are frequently requested.

Booking process:

The housing advisor will send you a proposal with all the useful information.

You will have a specific delay to reply and once you confirm your interest, you will be asked either by the housing advisor or by the residence to transfer a specific amount (3 months' rent and the deposit for example) to confirm the booking.

We mainly work with:

CAMPUSEA (www.campusea.fr)

LES ESTUDELLES (www.estudelles.fr)

LES ESTUDINES (www.estudines.com)

STUD'OTEL (www.studotel.fr)

STUDEA + LES VILLAS DE SOPHIE (www.nexity-studea.com)

STUDY'O RESIDENCES (www.studyoresidences.fr)

SUITETUDES (www.suitetudes.com)

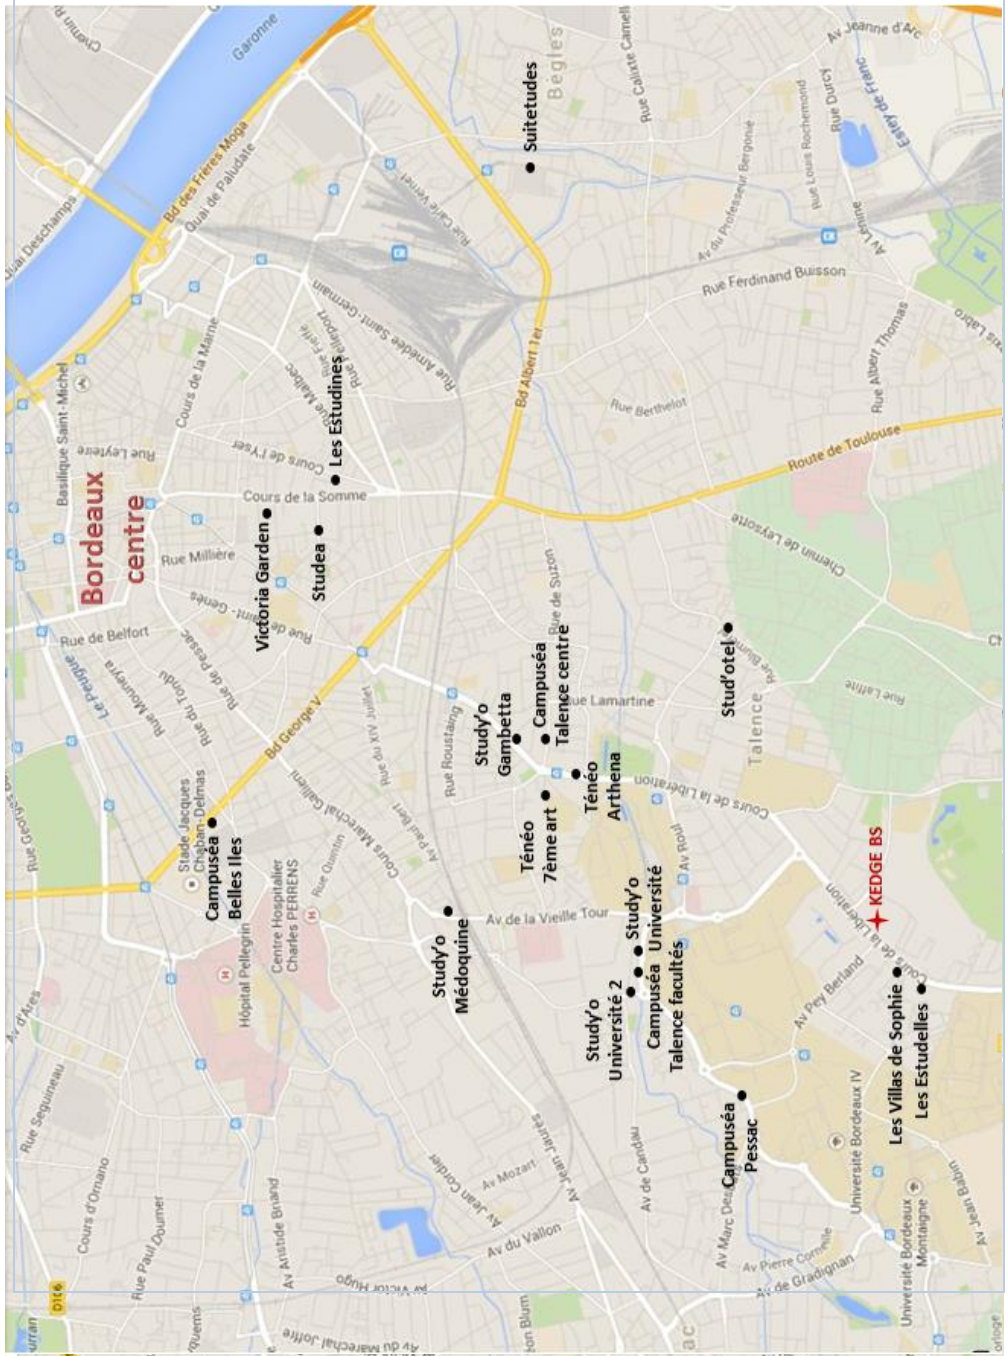

TENEO (www.teneo.fr)

VICTORIA GARDEN (www.victoriagarden.com)

You can also check some of these residences in the following page: www.adele.org.

Please note that for **some of those residences the minimum stay is 9 months**. For more information, please contact the housing advisor.

Localization of some high standard residences in Bordeaux and surroundings:

Private market:

Another possibility is to rent a room or a shared flat on the private market (flats run by landlords).

The prices can be very different as it depends on the location of the flat, its size, if it is furnished or not and if all or part of the charges are included (household rubbish collection tax, water, electricity, heater, internet, etc.).

Rents generally do not include electricity, water and internet access.

To give you an idea, the rents are between **450-700€/month for an individual flat** and **300-700€/month per person for a shared flat** (2 persons or more).

Finding a flat on the private market:

➤ With the help of the association Melting potes:

For the private market, you can be helped by the student association “Melting Potes” as they are in direct relation with private landlords who agree to **welcome international students for short stays, without French guarantor and don't ask for many documents.**

You will be able to check the association website, [Melting Potes Housing](#), and CONTACT THEM by email at housingmeltingpotes@gmail.com if you are interested in one of their accommodation offers. They will then answer you according to the availabilities.

Nevertheless, note that the Melting Potes members are no estate agents but students who volunteer to welcome you, so we would be grateful for your patience with them.

➤ On your own:

If you want to have a flat from the private market but didn't find an accommodation that suited your needs on the Melting potes' website, you can check on the following websites for individual and shared flats. Some of the advertisements are posted by private landlords whereas others are published by estate agencies:

www.sudouest-annonces.com
www.leboncoin.fr
www.paruvendu.fr
www.pap.fr

www.seloger.com
www.info-jeune.net
www.lokaviz.fr

and for shared flats only:

www.appartager.com
www.lacartedescolocs.com
www.autroisieme.com

N.B: The websites are in French so if you can't speak it, this may be complicated.

WARNING: Most of the landlords/ estate agencies only agree to rent their accommodation if you can provide a French guarantor. So, before applying for an offer, make sure the lessor will consider your request without this condition.

In that case they may require many documents in order to rent you an apartment. This is to assure them that you can afford to pay the rent. As you are a student and do not have a regular income (salary), your parents are your guarantors.

As your guarantors, if you want to find housing, they will need to provide you:

- 3 last Pay-slips or an evidence of their income tax (you will add the translation of the salary/ income tax amount in euros)
- A proof of their address (electricity, gas bill...)
- A copy of their passports and yours
- Their bank account details

If you are not able to provide these required documents you might be asked to pay your rent in advance (3 months in advance or the whole period).

Not all the lessors will ask you the above documents but be aware that they could ask them as this is the usual way.

Some of the advertisements you may see on those websites can have been published by estate agencies. Usually you have to pay some management fees to the estate agencies equivalent to one month rent.

If you are asked to pay **management fees around 200€**, be careful because it may be a fraudulent ad as the estate agency will offer you a list of flats which, most of the time, are no longer available.

If you look for a flat by yourself on the private market, be aware that some ads could be fraudulent. **NEVER send money to someone via a money transfer company as most of the time this is a scam.**

General information for international students about housing:

Housing insurance:

Cf all information in chapter V.

French residence tax:

In France when you are occupying an apartment on January 1st (no matter when you entered or when you will leave), you have to pay the French residence tax which is usually equal to one month rent. As the tax document is sent in autumn (around October), and if you already left Bordeaux, you will have to give your new address to your lessor in order to receive this document in your new apartment even if you are not living in France anymore.

The French residence tax must be paid by the tenant, not the lessor.

Housing benefit from the CAF:

The French Caisse d'Allocations Familiales (C.A.F) grants a monthly amount to help **students staying in the same place more than 6 months (if your stay is shorter you will not be eligible)**, to pay their housing. The housing benefit is subject to income conditions and depends on the size of the flat, the amount of the rent, if you are living alone or in a shared apartment, etc. You will be able to have an idea of how much you can get (once you have found your housing) by doing a simulation on their website.

Note that the first and the last month are never paid.

Non E.U. students may receive - or not - this housing benefit depending on the type of visa they are holding. Please note that if on your visa it is written "Dispense temporaire de carte de séjour", you are not eligible for this grant.

When you are in France and as soon as you have your definitive housing address, you should apply on-line on www.caf.fr. Once you are registered, you will have to send your file and the requested documents to the CAF either by post or by going to one of their offices.

Once your application is accepted, the amount will be transferred to your bank account in France, so you have to pay the full amount of rent to your lessor or the grant will be paid to your lessor's bank account and you will have to pay the remaining amount to your lessor.

Documents required by the CAF when applying:

- Déclaration de situation: document that you complete on www.caf.fr, download, print and sign
- Copy of passport
- Certificate of enrolment at KEDGE BS (in French: “*Certificat de scolarité*”). You will get this document once your Netfile on Campus Virtuel is completed (incl. payment of the French health insurance, if applicable).
- a “R.I.B.” (= Relevé d’Identité Bancaire). RIB is a document that indicates all the bank account details (account number, agency code...). Please ask your French bank to provide one.
- Financial resources statement (see an example on wikicampus.kedgebs.com)
- European citizens: copy of the European Health Insurance card
- Non-European citizens: copy of visa + copy of OFII sticker in your passport (delay of 3 months to provide this 2nd document)

A birth certificate of less than 3 months old and translated into French can be required later on during a verification processed by the CAF.

Be aware that sometimes the CAF directly pays the grant to the owner/residence manager and then students only pay the remaining rent. Sometimes, students have to pay the whole rent and then the CAF reimburses students. The decision is made by the CAF, students do not choose.

Miscellaneous:

Vocabulary:

- *Rental contract*: the rental contract ("bail" or "contrat de location") describes the apartment, the rent, how and when the rent should be paid and revised, the amount of the deposit and the date on which the lease begins. Two copies are made and signed by the landlord and the tenant (you). One copy is for you.

The landlord should send or give you a receipt for each rental payment made. This is necessary not only as proof of payment, but also to give you the proof of where you are living ("justificatif de domicile"), so frequently requested by the administrative services (for immigration services, to open a bank account and so on).

- *The inventory of fixtures* ("état des lieux") prior to moving in, is a complete inventory of the contents and the condition of the property established between the landlord and the tenant. This inventory is signed by both parties and each one keeps a copy. This is an important document as it meticulously describes the state of the apartment on entry, and is referred to when the tenant leaves the property. This inventory has to be done when you arrive and when you leave the apartment.

- *The deposit* ("dépôt de garantie"), is equivalent to one month rent, and kept by the landlord until the tenant leaves the apartment. It is returned after all money owing on the apartment has been paid (rent, repairs, utilities, etc...)

The landlord has a legal delay of 1 month after the tenant's check out to refund the deposit under the condition that the flat is on the exact same state as upon arrival. If this is not the case, the landlord has a legal delay of 2 months to give the deposit back.

If there is any damage, the deposit is used to pay for any necessary repairs or cleaning.

Pay attention to all the details (broken furniture or damaged walls) because you will be charged (on your guarantee "caution") for any differences.

- *The French Residence Tax* (Taxe d'habitation) is an annual residence tax imposed on the occupier of a property in which they were resident on January, 1st of each year. It is approximately equivalent to one month rent.

Warning:

If you rent an apartment, the rental agreement is for 9 months or 1 year (for furnished flats) or 3 years (for unfurnished flats) but can be dismissed **by a registered letter ("lettre en recommandé avec accusé de réception") 1 month prior to your departure.**

Useful Abbreviations:

Part. (Particulier): means that the landlord is not represented by a real-estate office.

CC or Cc: "charges comprises" >> operating costs included

TCC: "toutes charges comprises" >> all costs included. Be careful sometimes even if it says "all costs", electricity is not included.

T1 or F1: the number after the T or F indicates the number of rooms in the apartment (except bathroom & kitchen)

T2: means 1 bedroom and one living room and not 2 bedrooms

RDC: "rez-de-chaussée" >> ground-floor

SDB: "salle de bains" >> bathroom

SDE: "salle d'eau" >> shower

Tips for your housing hunt:

- You will need to find a furnished apartment or you will need to buy furniture (you can always buy second-hand furniture and sell it back to the other international students the following semester).

- If possible, try to avoid Estate Agencies, as they will charge you a lot and will ask for French guarantor. Try to deal directly with owners.

- **Never send money in advance to private proprietor** (except for private residences and the private owners dealing with the Melting pots)

- Do not buy flat lists

- Do not forget to ask if the utilities (heat, hot water, cold water, waste, elevator) are included or not in the rent. If not, be aware that you will have additional bills. Always ask exactly which are the operating costs included in the rent to avoid nasty surprises!

- If you intend to book a room in a hotel, you will pay a minimum of 60 € per day.

Rent is to be paid in advance, usually before the 5th of the month by check or bank transfer.

V. HEALTH & OTHER INSURANCES

Health insurance:

By law, all students being less than 28 years old on September 1st of the current academic year and coming to study in France for more than 3 months are **required** to purchase the French Student Health insurance through their French higher Education Institution (i.e: KEDGE Business School) before the classes start.

SOME EXCEPTIONS

❖ *Students from Quebec*

Students from Quebec are required to come with their signed and stamped **SE-401-Q-106** form in order to be covered by the French Health Insurance ("Sécurité Sociale Française"). In this case, Quebec students are not required to subscribe to the French National Health Insurance.

❖ *Students holding a European Health Insurance card*

Students from the European Union must provide with their **European Health Insurance Card** in order to be covered by the French National Health Insurance. In this case, E.U. students are not required to subscribe to the French National Health Insurance.

❖ *Students being more than 28 or studying less than 3 months*

Students being more than 28 years old on September 1st of the current academic year or studying in France for less than 3 months will not be able to register with the French Student Health Insurance but will have to give a proof of private health insurance coverage upon their arrival in order to be admitted in classes and be given their Student ID card.

GUARANTEES

In the event of sickness, the **French Health Security** "Sécurité Sociale Française" - <http://www.ameli.fr> refunds a certain percentage or the expenditure based on set charges called "tarifs de base (TB)" or "tarifs conventionnés (TC)". The coverage is sufficient for a very basic visit at the General Doctor, but might not be sufficient to cover higher expenses such as hospitalization, change of glasses, dental / eye surgeries, etc... **We therefore highly recommend students to subscribe for a complementary health coverage (complémentaire santé) in order to benefit from a better coverage.**

There are 2 French health insurance companies: LMDE & Vittavi.
Please consult the following websites to get familiar with their services:

LMDE: <http://www.lmde.com/etudiants-etrangers/foreign-students.html>

Vittavi: <http://www.vittavi.fr/etudiant-etranger/securite-sociale/la-securite-sociale-etudiante/etudiants-etrangers>

Housing Insurance (Mandatory)

Upon arrival, all students are legally required to buy an insurance for their room/apartment (*against flooding, fire or natural disaster as well as theft*). Note: CROUS residences are not concerned.

This document is necessary to check-in at most residences and landlords the first day.

Banks may offer this kind of insurance when opening a bank account. Please contact your bank in France for further information about the cost and guarantees.

The Melting Potes association can help you getting housing insurance by opening a bank account.

Contact: housingmeltingpotes@gmail.com

Car Insurance

To drive a car in France, students must have a valid driving licence & insurance. To rent a car, students must be over 21 years old, and have 2 years of driving experience minimum.

VI. BANKING INFORMATION

Opening a Bank Account

Opening a bank account may be necessary in order to pay for your rent, receive the CAF financial aid, get refunded for medical expenses with the French Social Security, pay for your electricity or gas, etc.

Opening a bank account is free of charge. However, you can be charged for some services.

Students may receive a check book and/or a credit card after the opening of the account (upon request). Check books are usually free of charge.

When opening an account, students may be offered an overdraft facility. Overdrafts can be expensive when the account balance is negative and the bank charges high interests (“agios”). Exceeding the authorised overdraft limit involves the possible withdrawal of check books and credit card. In case students lose their check book/credit card or in case of robbery, students must contact immediately their bank.

International students can ask for assistance from the Melting Potes association who can help them to open a bank account.

VIII. MISCELLANEOUS

ADJUSTING TO CULTURE SHOCK

ADJUSTING TO LIFE IN A NEW COUNTRY CAN BE CHALLENGING BUT ALSO REWARDING. ONE GOOD WAY TO COPE IS TO PREPARE SO YOU KNOW WHAT TO EXPECT.

Culture shock can hit you in many different ways.

You might experience culture shock all at once or feel it at different times.

In any case, you need to be prepared and know how to handle it.

Culture shock is defined as, “the mental shock of adjusting to a new country and a new culture, which may be dramatically different from your own”. It is also said that it is a normal stage in the acculturation process that all newcomers go through. Being in a strange place and losing the power to communicate can disrupt a person’s world view, self-identity, and systems of thinking, acting and feeling. France has many cultural differences from your home country. Some of these differences can become so overwhelming that you will want to leave France forever (culture shock). Learning how to deal with these differences and understand the French reasoning is the key to coping with culture shock.

GOABROAD.COM HAS LISTED A FEW THINGS TO EXPECT AND TO DO BEFORE COMING TO FRANCE:

- French people believe in taking their time. For example, obtaining important documents will take longer than what you were used to in your country. Most of French people also take their time in eating.
- French people mind their own business. They seldom greet strangers they meet on the streets like the Americans do.
- It is normal for people to walk in front of you to reach for something. French people do not consider it rude to do that.
- French people are not very observant of street signs and nobody minds.
- It is usual to see dog wastes in streets.
- Most French park cars wherever there is a space.
- Driver's license in France does not expire. Most French people drive fast.
- French people mean what they say most of the time.

HERE ARE SOME TIPS TO PROPERLY ADAPT TO FRENCH CULTURE:

Learn to enjoy your meal!

There is no need to hurry. Most French people eat with no hurry.

Learn to speak French!

Adapt the French schedule. This mean that you should know the usual time French people eat lunch, go to work, go shopping and other activities.

Avoid leaving a great amount of tip when eating out.

Dress like the French people does. French dress casually but elegantly.

IX. FAQ (Frequently asked questions)

Q: Will my professors speak French or English?

A: Depending on your programme, you may have the choice to select courses in French, in English or both. If you are registered for courses taught in English, be aware that most likely, English will not be your professor's native tongue so they may have an accent.

Q: What kind of sport programmes does KEDGE Business School offer?

A: KEDGE Business School has a sports association which offers a variety of sports. Sports include but are not limited to: badminton, basketball, soccer, rugby, volleyball, handball, fitness, dance, tennis, swimming, extreme sports, etc.

Q: What kind of public transportation does Bordeaux have to offer?

A: Public transportation is available throughout the city and its surrounding area: tramways, buses, bikes. For more information, please go to page 26 of this guide.

Q: Is it easy to travel from Bordeaux to other countries?

A: The airport is located in Mérignac, about 30 minutes from downtown. It offers about 80 French and international destinations, with various airlines companies including various low-cost flights.

Q: What documents should I bring with me from home to Bordeaux?

A: Here are some documents we would advise you to bring with you when coming to Bordeaux.

- 5 hard copies + 1 soft copy of your passport (you need copies for everything)
- 5 hard copies + 1 soft copy of your visa + 1 soft copy
- 5 passport photos (to save money you can cut out passport size photos out of a regular photo and use them for ID cards, bus cards, etc. just be sure it is the proper size and there is nothing in the background, a white background works best.) However, for your residence permit, you will need passport photos in the French format (3.5 x 4.5cm).
- 2 copies of your credit card, ATM card, Driver's license, School ID, health insurance, etc. just in case your wallet gets stolen or lost.
- 2 Copies of everything you needed for your visa (financial guarantee, bank statements, admission letter from KEDGE Business School, school

transcripts, etc. When applying for your residence permit, you may need these documents)

- Approved courses from your home institution so you can register for courses at KEDGE Business School easily.

Q: How do I register for classes?

A: The course registration differs according to your programme. You will receive an email with your login, password and instructions before your arrival.

Q: How do I find housing?

A: You have to apply online via a link that will be provided to you before your arrival. See *chapter III. Housing paragraph* for more information.

Q: How much cost textbooks?

A: KEDGE Business School does not use textbooks. The professors will provide you with the documents; textbooks are also available at the School library.

Q: How will I know my course timetable?

A: Your course timetable will be available on your Campusvirtuel account a few days before the start of your programme.

Q: Is there Internet on campus?

A: Wireless connection is available throughout the school premises and is free for students. Network: KEDGEBS – Use the same login and password as Campusvirtuel.

Q: Should I bring a laptop?

A: Yes, a laptop is very important because you are expected to do most of the work online. KEDGE Business School does not have textbooks so professors expect you to have internet use for articles and access to virtual campus.

You must check your KEDGE Business School email address on a daily basis because important information will only be sent to this e-mailbox. Also you must have your laptop configured for the WIFI in the school.

Q: How much money should I have with me when I arrive in Bordeaux?

A: When arriving in Bordeaux you should have at least 500€ in cash. We recommend this as you may not find an ATM that is linked to your bank in the first few days. You will need cash for grocery shopping, bus card, taxi, etc.

Q: Will I need a cell phone?

A: You do not need a cell phone, however many international students do prefer it to have one. Do not hesitate to contact the Melting Potes association for any advice.

Q: How do I take money out of my bank account from home?

A: Before leaving make sure to contact your bank so they know you are going to be using your card in a different country. If you do not, they may assume your card is stolen and freeze your account. When you contact your bank, ask them which bank in Europe they are linked with so you know which ATMs you can use without a fee. Ex: BNP is linked with Bank of America. Each bank is different so be sure to check before you arrival.

Q: Is there a cheap way to call home or make other international phone calls?

A: It is advised to download Skype on your computer. Skype is an internet phone service which lets you talk with friends for free through the use of the internet. You can use Skype for free anywhere in the world at any time. You can call to other countries on a land line for example 2 cents per minute. To call for free, make sure your family and friends download the programme on their computer as well.
