Established in 1946 Kookmin University has grown to reflect South Korea's progress throughout the decades. Among the Kookmin University's esteemed distinctions are its world-class academic institutions including the College of Business Administration, College of Economics & Commerce and College of Design.

Kookmin University invites more than 200 exchange students each semester and offers diverse selection of courses taught in English. Exchange students are placed at one of the department/majors and can interact with Korean students as Well. In addition, exchange students have the opportunity to apply for the University dormitory which is modern, clean and safe.

As the campus is close from downtown Seoul, exchange students are exposed to many of the cultural highlights which Seoul has to offer.
