

# ASEAN Youth Leadership on Sustainability and Tidung Conservation Project 2025

Embassy of Malaysia, Jakarta,  
Tidung Island, Kepulauan Seribu Selatan Jakarta, Indonesia

**12-14 September 2025**

**"Fostering ASEAN Youth Leadership to Drive Coastal Conservation and Sustainability"**

## Objectives of the Programme

- ✓ To provide exposure to students about issues occurring on Pulau Tidung and encourage the generation of ideas to assist in the process of mitigating coastal erosion occurring on Pulau Tidung. This can produce holistic and competent students in terms of thinking and personality so that they always behave globally in terms of thinking and action.
- ✓ Introduce and promote Malaysia in general and Universiti Malaysia Terengganu (UMT) in particular as a competitive international education hub and a destination of choice for higher education as a premier marine science institution and as a global marine science reference university.
- ✓ Providing exposure to student leaders and creating bilateral cooperation and sharing of knowledge and opinions regarding leadership and environmental conservation at the international level.
- ✓ Cultivate the value of ASEAN solidarity and togetherness among students of higher education institutions at home and abroad to raise the global sustainability agenda.

 **50 YOUTH PARTICIPANT ACROSS ASEAN COUNTRIES**

-  Malaysian participants from public university
-  ASEAN participants from universities across Indonesia
